

Allegato 5

The image shows a detailed urban planning map of a town area. Five specific residential zones are highlighted in orange and numbered 1 through 5. These zones are located in the central-eastern part of the map. Zone 1 is at the top left of the highlighted area, followed by zone 2, then zone 3, zone 4, and finally zone 5 at the bottom right. Each zone contains several smaller plots, some of which are further labeled with codes like AUC_A4, AUC_A2.1, and ASP_COM.3. The map is densely packed with streets and building footprints. Various street names are visible, including S. Giorgio, S. Luigi, S. Anna, S. Rosa, S. Teresa, C. Larga, and C. Scarsini. There are also numerous technical or administrative labels scattered throughout the map, such as AUC_A2.1, ASP_B.1, D.F.c, N10a, N10b, N12, N20, N17, and AVN_F. The overall layout suggests a complex urban environment with planned residential developments integrated into an existing fabric.
